

December 20, 1983

Mr. David B. Defebo, WB9BWP
President Milwaukee Radio Amateurs' Club
6520 English Meadow Drive
Greenfield, WI 53220

Dear Mr. Defebo:

For many years several of us have noticed a continuing and glaring error in the MRAC roster and would like the situation promptly investigated and corrected.

The problem concerns the "Life" membership classification of Charles Merten, W9CHD. According to MRAC By-Laws, Life Members shall have attained the age 60 or more years. Mr. Merten was born May 27, 1935, making him 47 years old, not now or in the past qualified to be a Life Member.

It was suggested that I present this information to you anonymously to preserve friendships with Mr. Merten, yet to get some action on this problem. Your help will be appreciated.

73,

Several Members
